Rosacea - Causes - NHS It's been suggested these bacteria may be a possible cause of rosacea, although a link hasn't been proven. One theory is the bacteria may stimulate the production of a protein called bradykinin, which is known to cause blood vessels to expand. Stroke - Causes - NHS Another possible cause of ischaemic stroke is a type of irregular heartbeat called atrial fibrillation. This can cause blood clots in the heart that break up and escape from the heart, and become lodged in the blood vessels supplying the brain. Kidney stones - Causes - NHS Kidney stones can develop for a number of reasons. The causes of the four main types of kidney stone are outlined below. The causes of the four main types of kidney stone are outlined below. Calcium stones.
